Property Description

Nestled on the side of the exclusive Escaleras (the stairs) mountain, and at 300 feet above the sea this property sits on the first “Step” with a front-row view of the jungle canopy and the waves crashing in the dramatic coastline below.The Latin American design is both aesthetic and purposeful for the climate and its surroundings.Through the private entrance at the end of a quiet street the paved driveway to bring you to this 2-acre point of land, a ridge line above the sea that insures privacy!The paved interior drive continues winding past the various structures on the property lending easy access to each villa and ending at a stunning ocean view area of 675m2 (7265 sq. ft) that is ready to build on, plant your gardens, or both!The high level of construction includes several structures that are self-sufficient homes that comfortably sleep a total of 16, a large garage, and a large pool with patio areas, and what we call a pool rancho.
