Property Description

Above Nosara is an amazing view property located within gated Finca Dona Cielo. The adjoining lower lot offers opportunities to build additional structures, board horses, or maintain a huge organic garden. The Finca encompasses 4500 acres of pristine rain forest and provides habitat for abundant native flora and fauna. Breathtaking views of mountains, rivers, and the Pacific Ocean. This Spanish-Mediterranean custom concrete house features multiple arches, French doorways, stylish concrete furniture, paver-stone driveway, and large covered carport. The covered patio opens to a swimming pool overlooking the Rio Nosara and the quaint village of Nosara Centro. Private, exclusive, secure living. Close to markets, airport, and beaches, this prime location has been described as the "nearest faraway place". Excellent water quality, in-ground irrigation system, and electric lines in place.
