Property Description

This 498 square meters property features a beautiful two-story home with swimming pool and much greenery. The tropical fruit trees surrounding the house create true tropical paradise! The front porch and the 4x6 meters swimming pool with pool deck have a very romantic setting and are the ideal places to enjoy of the warm weather and natural surroundings. The two-story home features two bedrooms, one bathroom, living room and kitchen in each story. The first floor was built in 2002, and the second floor was built in 2020. The second floor has a nice balcony and has a separate entrance. This property also presents a great income opportunity as the second floor can be rented. The tropical paradise is located five minutes from the beach. The property is fully fenced and has two gates.
