Property Description

This property is located less than 4 miles from the center of Atenas, in a very peaceful place with a lot of privacy since the road is dead end. This land shares the upper parts of the neighborhood, being one of the last, so it is a very quiet area. It has a large terrace that can be further expanded to make better use of space and from where you can easily appreciate both the sunrise and the sunset. It has electricity and water only must be requested. If what you are looking for is a place with views that will take your breath away, call me and let's arrange a visit.
