Property Description

Casa Monitos is the perfect Costa Rica home for those seeking a tranquil getaway in the forest. Sold 100% turnkey and situated on a 1.5-acre lot, this home is what many people dream of when they imagine finding their slice of paradise. Every inch of the home exudes solid quality. Casa Monitos was built by the area's best contractor, a company that has built most of the homes in Junquillal. With a 100% concrete structure, a clay tile roof, hardwood ceilings and cabinetry, and even hardwood, custom-built furniture, Casa Monitos will stand the test of time. The home is located in one of Guanacaste's premier gated communities, Tierra Pacifica, where ecological conservation was put at the forefront of development. Tierra Pacifica's gorgeous communal amenities, including a multi-tiered pool, tennis court, gym, yoga salon and more, are just short stroll away. And thanks to the community's beach access path, you can walk to the ocean in about 20 minutes.
