Property Description

Located above the charming town of Montezuma and its pristine beaches is this lovely two-bedroom and two-bathroom ocean view home. The spacious master bedroom with ensuite bathroom and walk-in closet has a beautiful view of the ocean and large deck off the bedroom perfect for soaking in the sunrise. The second bedroom is large and has a full bathroom. The home is unique in that it has three exterior decks that overlook two reserves, Piedra Colorada and Playa Grande. There you can view a lot of wildlife and enjoy bird watching. The property has a variety of fruit trees including Guanabana, Mandarin, Lime, and five Mulberry trees (which the birds love!) Since the decks face the east, the sunrises here are phenomenal. The top deck gives you a 120-degree ocean view as well as seeing the mountains and Jaco across the Gulf of Nicoya. The home has high ceilings with large glass windows and sliding glass doors allowing natural light to come through the house.
